

ENVIRONMENTAL MISSION STATEMENT:

- Hamilton Sorter recognizes our responsibility to maintaining and improving our environment. Through the use of recycled products used to produce our products to our waste reduction programs, our company is continually improving our methods in the use and disposal of material. Hamilton Sorter encourages our employees, customers and suppliers to participate in this endeavor.

RECYCLING:

- We use Particleboard and MDF which are fabricated from recycled wood waste material or fiber generated from wood residue left behind by lumber harvesting and processing
- The cardboard packaging material utilized is made from recycled material.
- Unusable pallets are recycled.
- We work with customers to reduce the amount of packaging materials required for shipping
- All Aluminum scrap is recycled

ENVIRONMENTALLY FRIENDLY SUPPLIES

- Adhesives used in our laminate are a water-based alternate to solvent-based adhesives
- Products meeting low VOC emissions are utilized
- Powder coat paint is used on all metal surfaces which is waste free and does not require solvents

SUMMARY

- We use products, utilize processes and design packaging that minimizes the impact on the environment.
